Ken Láctea Sugar

Dairy cream's full taste and creaminess.

Ken Láctea Sugar combines the ever-present features and advantages we always wished to include in our whipping products: full fresh-cream taste, maximum creaminess and freshness in mouth without relinquishing to a good functional performance that makes our every-day work easier.

PACKAGING:
1 LITER.

Great performance in cream whippers and siphons.

Features:

- Fresh cream's full taste without any aftertaste nor artificial aromas.
- Maximum freshness and creaminess.
- Excellent consistency and stability even under cooling / freezing conditions, without drying off nor cracking.
- Excellent functionality in fillings, toppings, decorations and any other confectionery preparation. Also stable with acid ingredients: lemon, strawberry, etc.
- Optimal performance in any kind of whipping system (planetary, air, siphon...)
- Sugar is perfectly homogenized making the cream ready to be used in siphons or in whipping cream machines avoiding any jamming problems even after several hours of no-use.
